

Webinar: Learning Outcomes

Thank you for attending our online webinar:

May 20, 2020

Canadian Museum of Human Rights Case Study—Design Assist and Material Sourcing

Here's a recap of what we covered:

- **Vision**—Architect Antoine Predock's inspiration for the museum
- **Process**—how Design Assist created a foundation—supported by PICCO's stone consulting, shop drawings, engineering, shop tickets, 3D BIM modelling (mock-ups), calculations and project management for project success.
- **Construction**—the importance of Material Testing natural stone that was sourced for the project.
- **Installation**—how we overcame the challenges of the anchor systems used on the alabaster back-lit ramps.

PRESENTED BY:

Mike Picco—President
Karl Doucas—VP, Stone
